Empowering you to live at home
in the City and County of Peterborough

ANNUAL REPORT 2019 - 2020

Greetings from Susan Wood-Bohm, Board President and Danielle Belair, Executive Director

Since March of 2020, a global pandemic caused by COVID19 has resulted in dramatic changes in the daily lives and activities of most Canadians. People across the nation, and certainly in Peterborough City and County, have experienced widespread closures, reductions in services of all kinds, bleak news reports and imposed isolation. It has been a stressful and often frightening situation, and at the time of writing this Annual Report, a clear path to the post-COVID19 future remains uncertain.

Susan Wood-Bohm,
Board President

The Board of Directors of Community Care Peterborough (CCP) is immensely proud to report that by thoughtful adaptation, and careful delivery, not a single day of service to our community has been missed. This time of great anxiety for the most vulnerable in our community has highlighted both the necessity for CCP and value of its flexible delivery model, which has allowed rapid response to the needs of our community, even as those needs have increased and changed. We owe a great debt of gratitude to the courage and creativity of our management and staff, the immense generosity of our donors and the steadfast dedication of our volunteers for this success.

Danielle Belair,
Executive Director

While some programs such as in-person falls prevention and exercise classes have necessarily been suspended in order to comply with the Peterborough Public Health recommendations, staff quickly adapted to virtual programs in order to connect with clients and volunteers. Other programs such as Meals on Wheels have seen a significant rise in demand, and these demands have been met. New requirements have arisen as well. Shopping for and delivering groceries and other essentials was identified early as a service that would support our most vulnerable community members, and with the support of generous donations and redeployment of employees, this need has been addressed. Our clients know they can count on us, we are there for them.

The COVID19 response plan has been carried out against a backdrop of other important systemic changes, with a plan for dramatic alterations to provincial healthcare

announced in 2019. CCP partnered with other health provision organizations in the region to develop an "Ontario Health Team". Approval for the Peterborough Ontario Health Team was announced in October 2019, with the goal of delivering a client-focussed "connected care" approach. CCP is expected to play an active role in the new delivery model; the achievement of accreditation has improved credibility with our partner organizations, and the distributed CCP service model provides an excellent example of how rural communities may be well served.

Both the learnings from the experience of meeting pandemic needs and the changing nature of the provincial health care delivery model will influence the Strategic Planning activities, which will be undertaken by CCP early in 2021. Strategic Planning is an essential undertaking as the demand for current and future services is expected to grow as CCP's reputation as a credible and effective support organization has been reconfirmed by its recent response to needs. And our population of clients is expected to grow as well. This year, 7,159 clients were served by an efficient team of 41 employees in 8 offices and a volunteer cadre of 897. Our volunteers contributed 113,532 hours of service which is equivalent to 62 full time positions.

It is important to ensure that organizational growth and change are sustainable and funded, and that CCP continues to thrive as an organization so that it can perform its vital role for its clients, now and into the future. We had a very good year with raising \$455,703 through donations and fundraising initiatives.

We thank all those – volunteers, donors, partner organizations and staff – who made the vital work of CCP possible. We look forward to an exciting year ahead.

The 2019/2020 Annual Report outlines many highlights and activities the agency has embarked on this past year. Our mission remains stronger than ever! Thank you for supporting Community Care.

Vision

Communities where every person's health, wellness and independence is deeply valued and fully supported.

Mission

Powered by Volunteers and Staff, Community Care Peterborough supports the health and well-being of individuals, caregivers and communities. As a trusted health care partner, our high-quality programs allow people across our rural and urban region to maintain their independence and dignity.

Values: Respect, Collaboration, Accessibility, Leadership.

Strategic Directions: 2015-2020

Community Care Peterborough has committed to a five-year Strategic Plan. The strategic directions are therefore broad and oriented toward the future. This will allow the organization to respond and adapt as circumstances change.

The strategic directions offer a framework for the development of annual operational plans, with measurable goals and objectives. These annual plans will make the directions operational. The four strategic directions are as follows:

- 1
Build Organizational Strength and Capacity
- 2
Develop Strategic Partnerships
- 3
Review and Measure Performance
- 4
Foster a Culture of Advocacy

Client Testimonials

“I had a bad fall six years ago; you have been instrumental in keeping me independent.”

“Thank you so very much. The wonderful blessing of frozen dinners. I am so grateful for all the support.”

“First I want to thank you for all your help while I am going through this. I am very grateful for everything you’ve done for me.”

“This is a surprise but certainly appreciated, we have been dealing with so much this will help offset some of our medical expenses.”

“I had an appointment at PRHC recently, I tried your Community Care service so that I would know what to do if I need help in the future. Your arrangements, the volunteer driver, all excellent!”

“Thank you so much to Community Care for the huge help this month. Thanks to your awesome ongoing concern, care and help.”

“Knowing that you are there to depend on gives me a very secure feeling. I don’t feel isolated anymore.”

“You do not know how much easier this had made my life. I am absolutely thrilled with this service – thank you!”

“I want to thank you and all of the staff regarding the amazing care that volunteers and staff have given to me over these past years. You have provided excellent care.”

“I have lived at numerous locations around Ontario and have dealt with many organizations pertaining to assistance to peoples in need. I have found the breadth and quality of services offered by Community Care unparalleled and of extreme deliverance.”
