

We are a Canadian registered charity with a volunteer-based Board of Directors that is legally responsible for the governance of our organization. Within that mandate, our board develops, implements, and monitors policies that allow our organization to carry out its work.

Board members are also the fiduciaries who steer an organization towards a sustainable future by adopting sound, ethical, legal governance, and financial management policies, as well as by making sure their nonprofit has adequate resources to advance its mission.

We are fortunate to have so many skilled and caring individuals who serve as our Board Members. This month we will feature **Board Member, Richard Boire.**

Elected as a Board member in June 2024, Richard was drawn to Community Care after years of volunteer roles, including at Toronto City Mission, Knights of Columbus, and with a school board.

Originally from Montreal, Richard attended McGill University for his undergraduate degree, as well as Concordia University where he earned his MBA in Finance and Statistics. He lived in Montreal for 30 years, relocated to Toronto, and now calls Lakehurst home.

Richard studied data science and feels very fortunate to have pursued a career doing something he truly enjoys. His company, Boire Analytics, provided analytical and data management services, which helped his clients analyze data, make decisions, and solve problems. His passion led him to teach classes part-time at various institutions.

What inspired Richard to become a Board Member at Community Care?

“I was drawn to serve as a Board Member with Community Care from my experience as a transportation volunteer with the Buckhorn service office,” Richard shared. “When I drive clients, I have the chance to meet a variety of individuals, and I really enjoy these interactions.”

In his spare time, Richard enjoys reading extensively, writing (including updating a book he had published 10 years ago), volunteering alongside his wife, and watching hockey (as a lifelong fan of the Montreal Canadiens).

Richard Boire’s extensive experience in data management and wide variety of volunteer roles make him an excellent addition to the Board of Directors at Community Care Peterborough.
